Why do people have pets?

It is said that without pets our life will be better. Some people are thinking that they mustn't have pets because ~~you~~ <sup>they</sup> will have to walk ~~with~~ with a pet and buy ~~it~~ special food. It is ~~the~~ truth. But pet will give you a lot of positive feelings and emotions

For example, you can forget all your stresses if you have got a pet. It is always will support you in hard moments of life. I have got two dogs. And I know that dog ~~is~~ won't you like bad friends. And my dogs are very important part of my family. Secondly, some dogs are helping people who <sup>are</sup> not very good ~~see~~. In the past people used dogs for hunting. And in ancient Egypt cats was saint animals. Now exist searching dogs and they participate in search operations.

In conclusion, I want to say that people who have dogs, cats, parrots, have very exciting and positive life. Pets have very good influence on our life. They are ~~doing it~~ making it better.
