N4. Why do people have pets?

Many people have pet in house. Pets are very nice, pretty and happy. They can give you happy. Everyone like cats, dogs, rabbits and others.

In my opinion, people like pets and animals. Firstly, pets are nice, pretty but secondly, they ^{can} ~~are~~ bite you. Usually this animals are small.

People have to feed pets. This animals are very nice because they are smile. When in your house was nobody pets are happy. Animals are big or ~~small~~ small. People can give pets names.

I love pets. I have very pretty
cat. Her name is Alina. She is happy.
What do you think about this? I
very happy what I have this very
nice cat.
