The best place I've ever been to

I've been to lots of places, and every place had its own atmosphere. But even since they are all magical, there is the one I liked the most. It is Moscow city.

Moscow is an incredibly large city, it is easy to get lost there and wander among old buildings, crowds and monuments. That is the exact feeling a traveller should get, because this is the best way to explore places, and I have to say this is what helped me to see the true beauty of this city, its history. Sightseeing of Moscow are the best, you can never see something similar to its churches, the Red Square, the Kremlin etc. Moscow is the best place because people there are kind and open-minded, they will help you when you get in trouble on a street or everywhere else, and I know it from experience.

Considering it all, I really think Moscow is not only the best place from ones I've been to, but also the best place ~~one~~ of the whole planet.
